UNDP Market Assessment Framework

Enumerator Name
Full name of data collector

State

- ◯ Khartoum
- ◯ White Nile
- ◯ River Nile
- ◯ Gezira

District Name

Market Name

GPS Location of Market
Stand at the centre of the market

latitude (x.y °)

longitude (x.y °)

altitude (m)

accuracy (m)

Assessment Date

Market Type

- ◯ Daily market
- ◯ Weekly market
- ◯ Periodic/seasonal market
- ◯ Wholesale market
- ◯ Retail market
- ◯ Mixed wholesale and retail

How many days per week is the market active?

SECTION 1: VALUE CHAIN & MARKET SYSTEM ANALYSIS

This section captures how the market system functions — not just what products are available.

What are the main commodities available in this market?

Select all that apply

- ☐ Cereals
- ☐ Fruits
- ☐ Vegetables
- ☐ Livestock
- ☐ Poultry
- ☐ Dairy
- ☐ Fish
- ☐ Legumes
- ☐ Oils
- ☐ Other

If other, specify commodity

What is the dominant source of products in this market?

- ◯ Primarily local (within district)
- ◯ Primarily regional (other districts)
- ◯ Primarily national (other regions)
- ◯ Primarily imported
- ◯ Mixed sources

Number of local farmers supplying this market

_____

Number of wholesalers supplying this market

_____

Main district(s) of origin of products

_____

What are the main transport modes used to bring products to market?

Select all that apply

- [ ] Truck
- [ ] Pickup vehicle
- [ ] Motorcycle
- [ ] Donkey/animal cart
- [ ] Boat
- [ ] On foot / head-loading
- [ ] Other

What is the main transport route used to bring products to this market?

- ◯ Northern road corridor
- ◯ Southern road corridor
- ◯ Eastern road corridor
- ◯ Western road corridor
- ◯ Nile river route
- ◯ Local tracks / unpaved roads
- ◯ Mixed / multiple routes
- ◯ Other

During which season is market activity highest?

- ◯ Rainy season
- ◯ Dry season
- ◯ Harvest season
- ◯ Planting season
- ◯ No significant variation

Specify peak months

e.g. March–June

_____

What percentage of products is imported during the dry season?
Enter as a whole number (0–100)

What are the main supply chain bottlenecks?
Select all that apply

- [ ] Poor road conditions
- [ ] High transport costs
- [ ] Insecurity / conflict
- [ ] Lack of storage facilities
- [ ] Lack of finance
- [ ] Price volatility
- [ ] High import dependency
- [ ] Limited number of suppliers
- [ ] Seasonal shortages
- [ ] Other (specify)

If other, specify bottleneck

SECTION 2: TRADER CAPACITY ASSESSMENT

Assess the capacity of traders to respond to increased market demand.

Total number of traders in this market

Number of wholesalers

Number of retailers

Number of female traders

Number of youth traders (under 35)

Number of traders with disabilities

Competition Level: Low Competition

SECTION 3: FINANCIAL ECOSYSTEM ASSESSMENT

Assess the availability and functionality of financial services in or near the market.

Which financial institutions operate in or near this market?

Select all that apply

- [ ] Commercial bank
- [ ] Microfinance institution (MFI)
- [ ] Cooperative
- [ ] Savings group (VSLA/ROSCA)
- [ ] Islamic finance provider
- [ ] Mobile money agent
- [ ] None
- [ ] Other (specify)

If other, specify

Number of bank branches within 5 km of the market

Number of microfinance institution (MFI) branches within 5 km

Number of cooperatives operating in the area

Number of savings groups (VSLAs, ROSCAs, etc.)

Is Islamic finance available in this market area?

- ◯ Yes
- ◯ No
- ◯ Unknown

What loan products are available?

Select all that apply

- ☐ Working capital loans
- ☐ Agricultural loans
- ☐ SME loans
- ☐ Housing loans
- ☐ Emergency loans
- ☐ Group loans
- ☐ None available

Average reported interest / profit rate (% per month)

_____

Is collateral typically required to access loans?

- ◯ Yes — collateral required
- ◯ Sometimes / depends on amount
- ◯ No collateral required

Is digital banking available?

- ◯ Yes
- ◯ Limited / poor coverage
- ◯ No

Is mobile money available?

e.g. M-Pesa, Wave, etc.

- ◯ Yes
- ◯ Limited / poor coverage
- ◯ No

If yes, name the provider(s)

_____

Do women have equal access to financial services in this market area?

- ◯ Equal access
- ◯ Limited access
- ◯ Very limited access
- ◯ No access

Is SME lending available?

- ◯ Yes
- ◯ Limited
- ◯ No

» Working Capital Assessment (Traders)

How would you describe the working capital level of most traders in this market?

Based on your observations and interviews

- ◯ Adequate
- ◯ Moderate (some constraints)
- ◯ Insufficient
- ◯ Very insufficient

What are the biggest financing challenges for traders?

Select all that apply

- ☐ High interest rates
- ☐ No collateral
- ☐ Complex loan procedures
- ☐ Religious concerns (interest)
- ☐ Lack of awareness of products
- ☐ Distance to financial institution
- ☐ Gender barriers
- ☐ No credit history
- ☐ Other (specify)

If other, specify

What are the main sources of finance for traders?

Select all that apply

- [ ] Own savings
- [ ] Supplier credit
- [ ] Bank loan
- [ ] MFI loan
- [ ] Informal money lender
- [ ] Family and friends
- [ ] Cooperative
- [ ] Savings group
- [ ] Other

Is supplier credit commonly used?

- ◯ Yes
- ◯ No
- ◯ Sometimes

Is informal borrowing (money lenders, family) commonly used?

- ◯ Yes
- ◯ No
- ◯ Sometimes

Do traders borrow seasonally?

- ◯ Yes
- ◯ No
- ◯ Sometimes

Based on the above, which financial interventions are most appropriate?

Select all that apply

- [ ] Grants
- [ ] Revolving fund
- [ ] Guarantee scheme
- [ ] Microfinance linkage
- [ ] Matching grant
- [ ] Savings group (VSLA)
- [ ] Digital finance

SECTION 5: MARKET DEMAND ANALYSIS

Assess demand-side factors — not just supply.

Overall consumer demand level in this market

- ◯ 1 — Very Low
- ◯ 2 — Low
- ◯ 3 — Medium
- ◯ 4 — High
- ◯ 5 — Very High

What are the dominant consumer preferences?

Select all that apply

- ☐ Fresh local produce
- ☐ Affordable / low-price products
- ☐ High quality products
- ☐ Product variety
- ☐ Halal-certified products
- ☐ Organic products
- ☐ Packaged / processed products
- ☐ Other (specify)

If other, specify

Estimated average household monthly food/market expenditure (USD)

Which institutional buyers are active in this market?

Select all that apply

- ☐ Hotels and hospitality
- ☐ Restaurants and food services
- ☐ Government procurement
- ☐ Schools and educational institutions
- ☐ Health facilities
- ☐ NGO / humanitarian procurement
- ☐ None
- ☐ Other (specify)

If other, specify

Is online/e-commerce market active for products in this area?

- ◯ Very active
- ◯ Growing but limited
- ◯ Very limited
- ◯ Not active

Estimated population served by this market

_____

Population growth trend in this market catchment area

- ◯ Rapid growth
- ◯ Moderate growth
- ◯ Stable
- ◯ Declining
- ◯ Unknown

SECTION 7: MARKET FUNCTIONALITY INDEX

Score each dimension from 1 (Very Poor) to 5 (Excellent).

_____

Availability of products

1=Very Poor, 5=Excellent

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Accessibility of the market (distance, transport)

1=Very Poor, 5=Excellent

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Level of competition among traders

1=Very Poor, 5=Excellent

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Price stability

1=Very Poor, 5=Excellent

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Market infrastructure quality

1=Very Poor, 5=Excellent

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Financial access for traders and producers

1=Very Poor, 5=Excellent

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Market information systems

1=Very Poor, 5=Excellent

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Market Functionality Index Score: NaN / 35

SECTION 8: COMPETITION ASSESSMENT

How would you describe market concentration?

- ◯ Competitive (many traders, no dominant player)
- ◯ Moderate concentration
- ◯ Highly concentrated (few traders dominate)
- ◯ Near-monopoly

Estimated market share of the largest single trader (%)

Monopoly or oligopoly risk level

- ◯ Low
- ◯ Medium
- ◯ High
- ◯ Critical

What are the main barriers to entry for new traders?

Select all that apply

- ☐ High capital requirements
- ☐ Limited market space
- ☐ Existing trader cartels
- ☐ Licensing requirements
- ☐ Gender discrimination
- ☐ Ethnic/clan barriers
- ☐ Transport barriers
- ☐ No significant barriers
- ☐ Other (specify)

If other, specify

Percentage of women among traders (%)

Percentage of youth among traders (%)

SECTION 10: VALUE CHAIN RISK ASSESSMENT

Assess key risks for this market and its value chains.

Rate each risk: 1=Negligible, 2=Low, 3=Medium, 4=High, 5=Critical

---

Climate risk level

Drought, floods, temperature extremes

- ◯ 1 — Negligible
- ◯ 2 — Low
- ◯ 3 — Medium
- ◯ 4 — High
- ◯ 5 — Critical

Conflict and security risk level

- ◯ 1 — Negligible
- ◯ 2 — Low
- ◯ 3 — Medium
- ◯ 4 — High
- ◯ 5 — Critical

Import dependency risk level

- ◯ 1 — Negligible
- ◯ 2 — Low
- ◯ 3 — Medium
- ◯ 4 — High
- ◯ 5 — Critical

Transport disruption risk level

- ◯ 1 — Negligible
- ◯ 2 — Low
- ◯ 3 — Medium
- ◯ 4 — High
- ◯ 5 — Critical

Inflation risk level

- ◯ 1 — Negligible
- ◯ 2 — Low
- ◯ 3 — Medium
- ◯ 4 — High
- ◯ 5 — Critical

Currency fluctuation risk level

- ◯ 1 — Negligible
- ◯ 2 — Low
- ◯ 3 — Medium
- ◯ 4 — High
- ◯ 5 — Critical

Water availability risk level

- ◯ 1 — Negligible
- ◯ 2 — Low
- ◯ 3 — Medium
- ◯ 4 — High
- ◯ 5 — Critical

Disease outbreak risk level (crops or livestock)

- ◯ 1 — Negligible
- ◯ 2 — Low
- ◯ 3 — Medium
- ◯ 4 — High
- ◯ 5 — Critical

Describe any other significant risks

Total Risk Score: NaN / 40

SECTION 11: GENDER & YOUTH MARKET ANALYSIS

Assess market access and conditions for women, youth, and persons with disabilities.

Women's access to this market

- ◯ Full access
- ◯ Moderate access
- ◯ Limited access
- ◯ Very limited access

What are the main constraints for women in this market?

Select all that apply

- [ ] Mobility restrictions
- [ ] Social/cultural norms
- [ ] Limited access to finance
- [ ] Limited digital access
- [ ] Security concerns
- [ ] Childcare responsibilities
- [ ] Lack of land/assets
- [ ] Market discrimination
- [ ] No significant constraints
- [ ] Other (specify)

If other, specify

_____

Youth access to this market

- ◯ Full access
- ◯ Moderate access
- ◯ Limited access
- ◯ Very limited access

What are the main constraints for youth in this market?

Select all that apply

- [ ] Lack of start-up capital
- [ ] Lack of business skills
- [ ] Lack of land/assets
- [ ] Weak market linkages
- [ ] Limited digital access
- [ ] Age discrimination
- [ ] No significant constraints
- [ ] Other (specify)

If other, specify

_____

Persons with disabilities (PWD) access to this market

- ◯ Full access
- ◯ Moderate access
- ◯ Limited access
- ◯ Very limited access

Women's access to digital tools (phones, mobile money)

- ◯ Full access
- ◯ Moderate
- ◯ Limited
- ◯ Very limited / none

Level of women's business ownership in this market

- ◯ High (>40% businesses owned by women)
- ◯ Moderate (20–40%)
- ◯ Low (10–20%)
- ◯ Very low (<10%)

Do women face mobility constraints affecting market access?

- ◯ Yes — significant mobility constraints
- ◯ Partial constraints
- ◯ No significant constraints

SECTION 12: DIGITAL MARKET ASSESSMENT

Level of e-commerce activity in this market area

- ◯ Very active
- ◯ Growing
- ◯ Limited
- ◯ Not active

Digital payments adoption level among traders

- ◯ High adoption (>60%)
- ◯ Moderate (30–60%)
- ◯ Low (10–30%)
- ◯ Very low (<10%)

Mobile banking adoption level

- ◯ High adoption
- ◯ Moderate
- ◯ Low
- ◯ Very low / none

What types of online buyers are active?

Select all that apply

- ☐ Individual consumers
- ☐ Business buyers
- ☐ Institutional buyers
- ☐ Diaspora buyers
- ☐ No online buyers

Is social media used for marketing products?

- ◯ Yes
- ◯ Yes — limited use
- ◯ No

If yes, which platforms?

e.g. Facebook, WhatsApp, TikTok

Are digital logistics/delivery services available?

- ◯ Yes
- ◯ Limited
- ◯ No

Estimated percentage of traders with reliable internet access

Enter as whole number 0–100

SECTION 13: INFRASTRUCTURE ASSESSMENT

Score each infrastructure element: 1=Very Poor to 5=Excellent.

Road quality and accessibility

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Electricity availability

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Cold storage availability

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Warehousing availability

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Irrigation access (for nearby producers)

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Market facilities quality (stalls, sheds, sanitation)

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Internet connectivity quality

- ◯ 1 — Very Poor
- ◯ 2 — Poor
- ◯ 3 — Moderate
- ◯ 4 — Good
- ◯ 5 — Excellent

Infrastructure Index Score: NaN / 35

SECTION 14: MARKET RESILIENCE ASSESSMENT

How well does this market recover from disruptions (floods, conflict, price shocks)?

- ◯ Excellent (recovers in days)
- ◯ Good (recovers in 1–2 weeks)
- ◯ Moderate (recovers in 1 month)
- ◯ Poor (takes more than 1 month)
- ◯ Very poor (does not fully recover)

Level of supplier diversification among traders

- ◯ High (many diverse suppliers)
- ◯ Moderate
- ◯ Low (few suppliers)
- ◯ Very low (1–2 suppliers)

General inventory levels held by traders

- ◯ High (more than 30 days stock)
- ◯ Moderate (15–30 days stock)
- ◯ Low (7–14 days stock)
- ◯ Very low (less than 7 days)

Do traders generally have business continuity plans?

- ◯ Yes — formal plans exist
- ◯ Informal / ad hoc plans
- ◯ No plans

Access to insurance products for traders/producers

- ◯ Good access
- ◯ Limited access
- ◯ No access

Access to emergency finance during shocks

- ◯ Good access
- ◯ Limited
- ◯ No access

SECTION 15: MARKET OPPORTUNITY INDEX (SUMMARY SCORING)

This section auto-calculates the overall Market Opportunity Index based on scores collected above.
Weighted total out of 100

Overall Market Opportunity Index: NaN / 100

SECTION 16: GIS & SPATIAL DATA

Collect spatial reference data for ArcGIS dashboard integration.

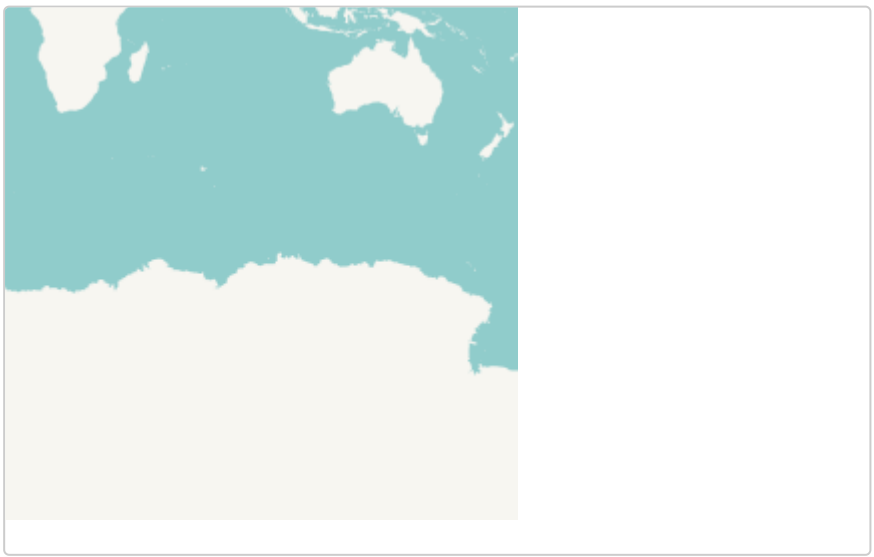

GPS of nearest bank or MFI

latitude (x.y °)

longitude (x.y °)

altitude (m)

accuracy (m)

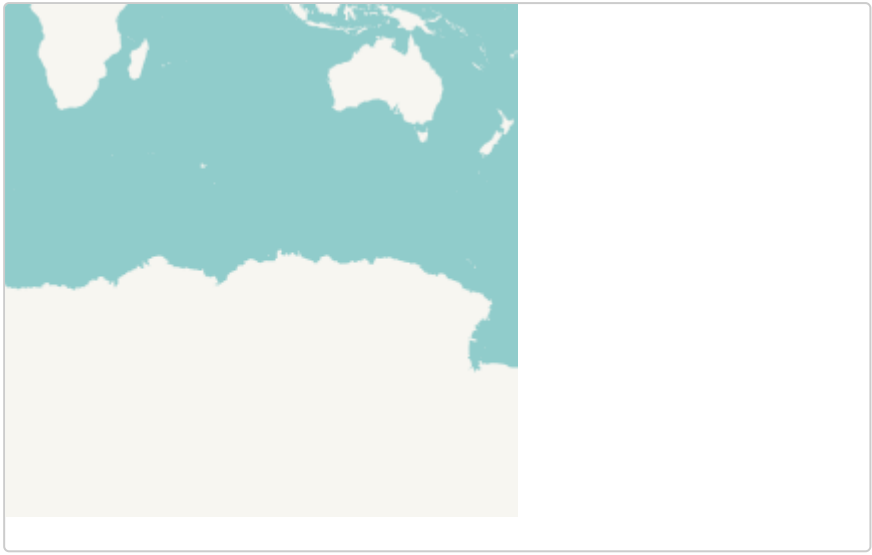

GPS of nearest warehouse or cold storage facility

latitude (x.y °)

longitude (x.y °)

altitude (m)

accuracy (m)

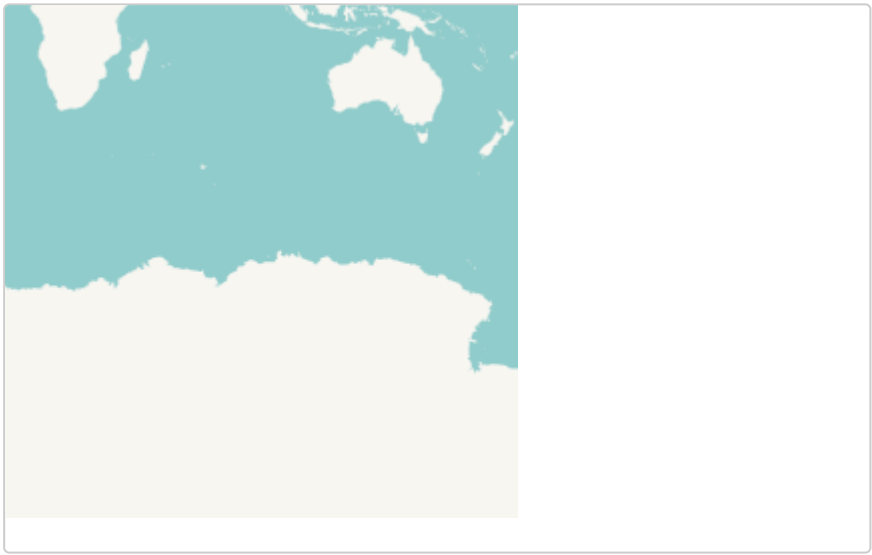

GPS point on nearest main road

latitude (x.y °)

longitude (x.y °)

altitude (m)

accuracy (m)

Travel time from nearest village to this market (minutes)

Condition of road to this market

- ◯ Paved — good condition
- ◯ Paved — poor condition
- ◯ Gravel — passable all seasons
- ◯ Gravel — impassable in rainy season
- ◯ Earth road — limited access
- ◯ No road access

Estimated catchment area population

_____

What climate risk types affect this area?
Select all that apply

- [ ] Drought-prone
- [ ] Flood-prone
- [ ] Locust risk
- [ ] Extreme temperature
- [ ] Erratic rainfall
- [ ] No significant climate risk

SECTION 17: QUALITATIVE OBSERVATIONS & RECOMMENDATIONS

What are the key strengths of this market?

_____

What are the key weaknesses or gaps?

_____

What are your top 3 intervention recommendations?
e.g. finance, infrastructure, capacity building

_____

Enumerator additional observations

_____

Photo 1 — Market overview
